

Relax... we're the experts in
formwork panel products

Arnold Laver **TimberWorld**
www.timberworld.co.uk

Concrete forming panel products from Arnold Laver Timber World are designed to allow you to achieve an efficient and effective finish on all of your formwork projects.

Our extensive product range allows you to choose the best material for every application, with a stock holding that allows for maximum flexibility.

Environmental considerations are fundamental to all our operations and therefore the entire range of formwork products carries an FSC or PEFC accreditation. Thus providing you, and your client, with the necessary assurances in terms of sustainability and peace of mind.

Formwork

www.timberworld.co.uk

Key benefits of our formwork panel;

- A large range of products
- All material is ex-stock
- A fast and reactive delivery service
- Strong environmental considerations
- Competitive pricing structure
- Expert advice and guidance

In addition, as Arnold Laver Timber World are leaders in the supply of timber, we are able to offer our customers an expansive range of additional products and services to supplement your requirements on site.

Our Range

We provide a wide range of products, all of which are all held in stock within the group.

Ainsworth Pourform MDO

The finest high performance panel product from North America. These are ideal for use in demanding gang-form and system applications, with an exceptional overlay. Pourform-107 provides a clean matte finish uniform in colour with moderate grain/patch transference visible on the concrete surface.

WISA Wood Products

High Performance Formwork Systems -The WISA plywood range for formwork systems includes a variety of long lasting special panels, with a selection of different coatings, thicknesses and sizes including maxi panels. Panels are offered cut to size and machined to customer's specifications providing a formwork panel that is ready to install in the framework. WISA-Form product properties and technical performance are continuously developed, researched and tested in UPM's in-house R & D centre.

Tulsa G1S, MDO and HDO

This MDO is a twin construction panel that is overlaid on one side with a durable Medium Density Overlay (MDO) paper. The MDO uses Dynea 333 paper, which is designed specifically to provide a smooth concrete finish for the formwork market, the reverse has a 120gm/m² dark brown phenolic film which acts as a moisture barrier and can also be used as a formwork surface.

TULSA formwork products are manufactured under the most rigid quality standards in conformance with exacting specifications. Allowing for numerous re-use, these panels will saving you time, effort and cost. TULSA FA has the full FSC accreditation

Arauco

AraucoPly Form MDO panels are highly resistant due to the quality of the Arauco Radiata Pine material and its balanced construction. It shows an excellent smoothing quality and edge sealing by applying an environmentally waterproof paint.

Timber and Plywood

We also hold substantial stock of Timber and standard Plywood, Hardboard and OSB sheets, to compliment our range of engineered panels, and to ensure we can provide customers with a full product offer.

General Timber stock

In addition to our stock of premium engineered panels, and general sheet materials, we also supply an extensive range of timber and timber based products, that will meet any customer requirements.

Setting the standard for responsible forestry management.

*COC Certified

Setting the standard for responsible forestry management.

We all have a responsibility to the environment.

At Arnold Laver Timber World we are committed to protecting the environment. We strongly believe it is our corporate and social responsibility to preserve world forests and promote effective forestry management. We have accepted the principles of sourcing materials from legal, sustainable, well managed forests and mills. All Arnold Laver Timber World branches in the UK have Chain of Custody implemented, independently evaluated and certified, to provide our customers with environmental assurances.
