Arnold Laver Contract Kitchens Division

Arnold Laver Contract Kitchens is the sole stockist and supplier of Accent Kitchens to the UK contracts market. This specialist division of Arnold Laver Timber World is an established, trusted and proven partner to the private development sector and has an enviable reputation for first class service to the building industry.

Arnold Laver Contract Kitchens offers a full service package, working from the initial planning and design stages, through to supply and installation, to ensure that all requirements and standards are met. Kitchen plans are produced from architect's layouts and site measurements within ten days of receipt and installation takes place within ten days of site call off.

Once requested, the kitchens are delivered to site and transferred directly to the required location 24hrs prior to fitting. Arnold Laver staff carry out the initial pre-fit survey and inspect the installation once complete, to confirm the installation is to the required standard.

A full after-sales service is also provided to ensure that the customer and consumer is fully satisfied.

Along with Accent Kitchens, a full range of branded appliances from Smeg, Neff, Baumatic and Rangemaster are available, together with an extensive selection of sinks and taps from Leisure, Rangemaster and Sterling. Artis and Axiom worktops are supplied as standard, with Granite, Colour Core and LG-HI Mac worktops available to specification. In addition, if anything other than our standard product offering is required, our Contracts Division can work alongside architects and specifiers to create a bespoke solution to fulfil their requirements.
