

Relax, we're the real experts
in spectacular panel products.

Arnold Laver **TIMBER WORLD**
The essential tools for the trade

Arnold Laver has a proud heritage and well-earned reputation for wood-based Panel Products given its 85-year trading history.

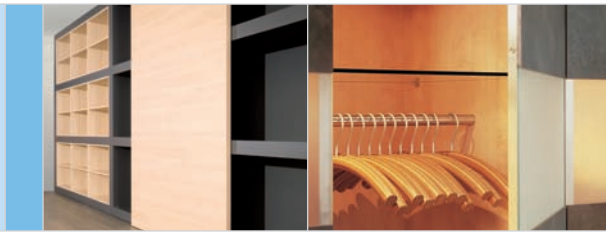

We have long established supply partnerships with producers from around the globe, allied with a continuous product development policy. This makes the Timber World range second to none.

We can offer our range from a single sheet through pack lots, to full loads and customer specific requirements, direct from the mill or factory.

Services include bespoke cutting, shaping, fabrication and fire treatments.

Timber World takes its responsibility to the environment seriously and a large and rapidly growing part of our range is certified by the main forest certification schemes - FSC, PEFC, CSA, MTCC and SFI. Also, with the Construction Products Directive having come into force in April 2004, a large proportion of this range is CE marked.

For the broadest range, the best service, consistent quality and knowledgeable staff, look no further than Arnold Laver Timber World - your Panel Product single source solution.

*COC Certified

Setting the standard for responsible forestry management.

We all have a responsibility to the environment. At Arnold Laver Timber World we are committed to protecting the environment. We strongly believe it is our corporate and social responsibility to preserve world forests and promote effective forestry management. We have accepted the principles of sourcing materials from legal, sustainable, well managed forests and mills. All Arnold Laver Timber World branches in the UK have Chain of Custody implemented, independently evaluated and certified, to provide our customers with environmental assurances.
