

Relax, we're the real experts
in harmonious timber decking.

Decking Solutions

www.timberworld.co.uk

Enhance your life with decking from your local Arnold Laver Timber World branch

A natural, durable and harmonious product, timber decking is an excellent way to enhance your home. Because timber is so versatile, decking can be built in almost any size or shape and, not only is decking far simpler to construct than a traditional patio, it's also a great deal faster and more environmentally friendly.

A complete range of decking and decking components is available from your local Arnold Laver Timber World branch and what's more, our expert staff are on hand to assist you with your selection, ensuring you have a trouble-free build.

Scandinavian Pine

Decorative newel cap

Balustrading

Suitable for both softwood and hardwood decking.

Classic Metal Infill

Designed to blend in with the range of timber spindles. All panels are fully finished in Antique Red.

Willow Panel

Gives an open feel but provides a safe barrier around the deck. Finished in the same Antique Red as the infill panel.

Richard Burbidge

Safety is an important feature of any construction and decking is no exception. This is why Richard Burbidge has developed a unique balustrade system is suitable for use on elevated decks that are more than 600mm above ground level.

Hardwood Modular Decking Kit

Supplied fully finished, pre-drilled, preservative stained and with all the kit you'll need to assemble and install it yourself.

Boxes of 200 – 40mm
Boxes of 200 – 50mm
Boxes of 200 – 63mm
Boxes of 150 – 75mm

Fixings

Deck-Tite range of fixings also available

Latest Trend - Fusion Outdoor Balustrades

The combination of timber, aluminium and acrylic creates a stunning outdoor feature that can be used with most hard landscaping surfaces including timber decking, composite decking and concrete.

Contrasting yet complementary materials have been used to create a system which combines practicality with performance.

Three different infill options allow for three completely different looks to be achieved. Choose between Hardwood Timber Balusters, Hardwood Timber Slatted Panels and tinted Acrylic Panels to style your outdoor space.

Quick and simple to assemble, components slide easily together using a series of brackets and channels. All the required fixings are included with the component packs, except for ground fixings.

Arnold Laver **TIMBER WORLD**
The essential tools for the trade

We all have a responsibility to the environment. At Arnold Laver Timber World we are committed to protecting the environment. We strongly believe it is our corporate and social responsibility to preserve world forests and promote effective forestry management. We have accepted the principles of sourcing materials from legal, sustainable, well managed forests and mills. All Arnold Laver Timber World branches in the UK have Chain of Custody implemented, independently evaluated and certified, to provide our customers with environmental assurances.
